Subject: To Provide the Platform for Internship

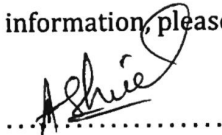

Dear Sir/Madam,

In regard to the academic requirement of the internship in Purbanchal University curriculum of Bachelor of Information Technology, I request you to provide the platform for our student SANDIP KHADKA at least for 3 months mandatory.

SANDIP KHADKA is the student of Bachelor of Information Technology, 2021 Batch with Purbanchal University registration number 025-3-2-03489-2021 and currently pursuing his study in 7th semester. He is a sincere and punctual student with high motive to adjust in competitive environment.

As the internship in the prescribed curriculum is focused more towards the Information Technology, its use in different sectors, and current market trends, I believe, your institution is the appropriate place to study and practice. Equally, I hope you will feel comfort assisting him. I found nothing-objectionable attitude on him since the time he was been in KCC.

I wish every success in him personal as well as professional life. If you need any further information, please feel free to contact me.

Ashim KC

Co-ordinator, Department of IT
